**3) EDB Work Program Priority Review**

Ms. Tollefson gave an overview about the work program and explained that after the last meeting the Board was asked to rank the objectives by most importance. She has taken the feedback and updated the work program chart accordingly. At the July meeting she hopes to flush out specific goals within each objective in order to approve a final work program. She included estimated timelines for each objective as well as whether the objective requires a budget request.

Attachment: EDB\_06.30.2020 DRAFT (5355 : Meeting Minutes from June 20, 2020)

Ms. Tollefson talked through each of the 5 objectives selected as most important by the Board:

1. Port Washington Road Commercial Corridor
  - Subcommittee created from Planning Commission to Study entire area including zoning, land use, square footage, market analysis, infrastructure.
  - EDB will provide feedback to Subcommittee going forward.
2. Economic Promotion and Marketing
  - Intern to work on updating the EDB website and convert to brochure
3. East Growth Land Use
4. WEDC Partnership
  - Encourage ongoing dialogue
  - EDB had a speaker in early Spring, another speaker at July meeting is planned
  - Alignment helps further EDB tools and programs
5. Community Outreach
  - Continue to outreach to local businesses
  - Want to enhance partnerships (WDEC, Chamber, city clubs/organizations)
  - Goal to host an event/tour of business facility (1 annual event)

In conclusion, Ms. Tollefson will develop specific goals for each of the 5 highest ranked objectives along with any budgetary requirements and timing. This will be reviewed and implemented if approved at the July meeting.

4) **Viable Land Uses for East Growth (generally the area bound by I-43 to east, Highland Road to south, Oriole Lane/Ulao Creek to west and Pioneer Road to north) Study Area**

Ms. Tollefson explained some of the charts and different scenario maps included in the packet. She talked through some of the issues regarding the infrastructure in the area. She stated that a residential focus group is planned to discuss these issues as well as advise on the marketability and viability for residential housing; what type of housing and under what conditions, in this area. There was discussion among the Board about the various infrastructure conditions and the possible land uses for the corridor.

Board feedback included support for:

- Concentration and flexibility on east side of Port Washington Road.
- Residential on the west side.
- Flexibility and potential new zoning for this corridor to allow for new/different uses that have not been allowed in the city. Set this area apart from other areas in the city.
- Market changing and flexibility is needed here for successful land use.

- Desirable area for residential housing.

Ms. Tollefson stated that she will send the Board the alternative land use maps created by staff as well as feedback from the Policy Subcommittee to help the Board draw some conclusions about East Growth land use and recommendations.

## 5) Staff Updates

Ms. Tollefson stated that Foxtown Ventures has a proposed multi-tenant building on the upcoming July Planning Commission meeting.

Ms. Tollefson stated that she will update the Board on the status of Telesmith at the July meeting.

## 6) Announcements

The next meeting is Tuesday, July 28<sup>th</sup> at 8:00 a.m.

## 7) Adjourn

### Action

Mr. Gannon made a motion to adjourn the meeting

Mr. Kramer seconded the motion.

*A voice vote was taken; vote passed (6-0)*

Office of Community Development

**TO: Economic Development Board**  
**FROM: Kim Tollefson, Director of Community Development**  
**DATE: July 28, 2020**  
**SUBJECT: Guest Speaker Jim Paetsch/Vice President Milwaukee 7**

---

**Background:**

The following is some materials from the M7 website. Please explore additional information in advance of our opportunity to discuss common goals with our M7 guest speaker, Jim Paetsch. The M7 website is [mke7.com](http://mke7.com)

Please be prepared to focus how our objectives can align with M7 to achieve greater promotion and focus of our community.

**Speaker Jim Paetsch:**

Jim Paetsch is Vice President of the Milwaukee 7, the regional economic development entity for southeastern Wisconsin, and oversees the organization's corporate attraction, expansion and retention activities. Jim works directly with companies looking to create jobs and invest capital in the region. Since its inception in 2005, the Milwaukee 7 has worked with its regional and state partners to successfully close 105 corporate expansion/attraction deals. Collectively, these projects account for more than 22,000 jobs and \$3 billion of capital investment. Recent project wins include Japanese mining equipment manufacturer Komatsu, Brookfield manufacturer Milwaukee Tool, and German gummy bear producer Haribo. Jim holds master's degrees from Northwestern University and UW-Milwaukee. He serves on the board of Literacy Services of Wisconsin.

### **Nine Strategies to Move the Region Forward**

Reflecting the assets, challenges and opportunities revealed in the market analysis and business planning process of the Milwaukee 7's regional plan, an integrated set of nine strategies have been developed to move the Milwaukee region forward on the path to new-economy growth.

Each strategy is designed to increase the productivity of local firms by leveraging the region's unique strengths, taking advantage of its emerging opportunities and addressing its most critical challenges. These strategies are deliberately crafted to cut across market levers and be mutually reinforcing: through coordinated implementation, their impact will be enhanced. Together they build upon current assets and momentum to enable the Milwaukee region to realize its potential to become a leading place to do business in the next economy, and a thriving, prosperous and dynamic region.

**Strategy 1:** Become a leading innovator, producer and exporter of products and services related to **ENERGY, POWER & CONTROLS**

**Strategy 2:** Become a global hub for innovation and start-up activity in **WATER TECHNOLOGY**

**Strategy 3:** Leverage the region's geographic, supply chain and human capital advantages to grow the **FOOD & BEVERAGE CLUSTER**

**Strategy 4:** Enhance the **EXPORT CAPACITY AND CAPABILITY** of the region's firms, focusing on small- and medium-sized enterprises

**Strategy 5:** Align **WORKFORCE DEVELOPMENT** with growth opportunities in targeted, high-potential industry clusters

**Strategy 6:** Foster a dynamic, richly networked **INNOVATION and ENTREPRENEURSHIP ECOSYSTEM**

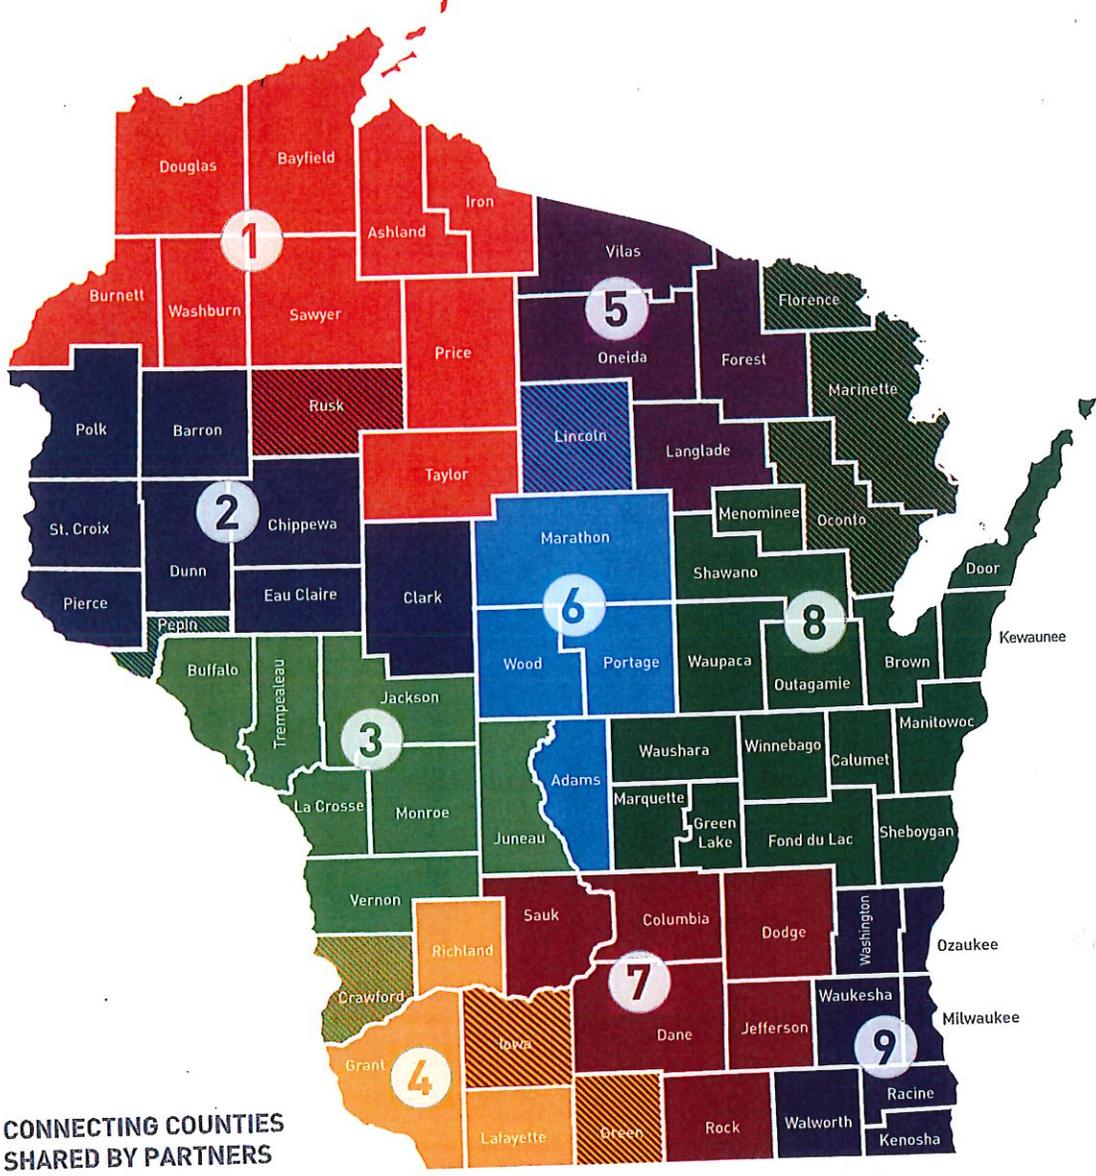

**Strategy 7:** Catalyze “**ECONOMIC PLACE-MAKING**” in the region’s core cities and strategic locations throughout the region

**Strategy 8:** Modernize **REGIONAL INFRASTRUCTURE** to enhance efficiency, cost-effectiveness and connectivity

**Strategy 9:** Enhance **INTER-JURISDICTIONAL COOPERATION** and **COLLABORATION** for economic growth

## M7 COUNCIL

### REGIONAL ECONOMIC DEVELOPMENT ADVISORY COUNCIL

The Milwaukee 7 Regional Economic Development Advisory Council provides strategic direction and regional representation for the economic development campaign and its initiatives.

The Council holds regular meetings to advance the organization's agenda and provide progress updates on current initiatives. Meeting locations rotate around the region's seven counties.

A historically significant advancement for the Milwaukee 7 was a signing of the group's "Code of Ethics." On November 29, 2006, a representative from each county and the Milwaukee 7 co-chairs signed this document that details the spirit of cooperation among the seven counties as they approach business prospects.

With this document, these representatives agreed to an inherent level of trust in the integrity of one another. Milwaukee 7 is founded on the importance of respect and trust amongst its members, working as one region to leverage our assets to sell the seven-county region globally.

**DATE: July 28, 2020**  
**SUBJECT: East Growth (generally the area bound by I-43 to east, Highland Road to south, Oriole Lane/Ulao Creek to west and Pioneer Road to north) Concept Land Use Plan**

---

**Background:**

As part of the Board's work program, the East Growth neighborhood will be assessed for viable land uses. Since the Board's last meeting, the Policy Subcommittee and the Common Council made recommendations for concept land uses and public utilities. For a summary and update on the recommendations, please use the following resources:

- Planning Commission Policy Subcommittee Packet from 07.13.2020 found here: [Policy Packet 07.13.2020](#)
- Common Council Power Point presentation by staff dated 07.14.20 (attached).
- Recording of the Common Council Meeting dated 07.14.20  
[Common Council Recording 06.14.2020](#)

**Analysis:**

At this time, it would be critical for the Board to provide any insight regarding the recommendations made by the Planning Commission Policy Subcommittee. Staff will begin the detailed work to create new zoning districts, meet individually with affected property owners, begin the necessary policy discussions for extension of public water and the creation of a master open space plan with an associated impact fee.
